

Kaustav Deka

Web Developer & Graphics Designer

About Me

Hello! I'm Kaustav, a product management associate with three years of experience, currently embarking on an exciting career transition to web development. With a strong IT background and a passion for coding, I'm thrilled to explore the endless possibilities in this field. In my product role, I've gained valuable insights into user behavior and market trends, which, combined with my analytical mindset, allows me to design user-friendly web solutions. With expertise in front-end development (HTML, CSS, JavaScript) and back-end technologies (Node.js, SQL), I'm adept at creating appealing, responsive, and dynamic web applications. I'm eager to leverage my skills and contribute to dynamic, innovative teams, creating impactful digital experiences.
